About T-Systems Multimedia Solutions. Guided. Digital.

T-Systems Multimedia Solutions facilitates the digital transformation of large corporations and medium-sized companies. With an annual 2019 turnover of € 176 million, it enables its customers to develop new digital business models for Industrial IoT, Customer Experience, New Work and Digital Reliability. Leveraging its consulting and technical expertise with some 2,100 employees at seven locations, the digital service provider also offers dynamic web and application management. As market leader it offers the first certified test laboratory for the internet and multimedia industry, delivering the highest standards of software quality, accessibility and IT security.

T-Systems Multimedia Solutions has been honored several times with the “Social Business Leader Award” backed by the Experton Group, as well as the “iF Design Award” and has been 2017 a winner of the Outstanding Security Performance Awards. Headquartered in Dresden, the company has also received the “Great Place to Work Award” several times as one of Germany’s best employers and was awarded as “Bester Berater 2018” (best consultant) by the german business journal “brand eins”.
